2. All Senior Active Members who receive funding from USEF for High Performance training or competitions, if called upon by the USEF President, shall personally donate at least two days of service for each calendar year in which they have received funding. However, such service is not required to be given during the same calendar year in which funding is received. Such service may be, at the President's discretion, given to either the Federation and/or the members' respective affiliate. In person participation at Board and Committee meetings shall be credited toward fulfilling this service requirement. Such requested service shall not affect a member's amateur status. A member's competition schedules and prior commitments shall be taken into serious consideration by the USEF President when calling upon members to fulfill this requirement. An administrative penalty may be levied by the President for non-compliance at the recommendation of the Executive Director for Sport Programs, and after consultation with the **Regulation** Director.
