Judges' Directives

Judges should familiarize themselves with USEF DR117 and the Guidelines for Judging Dressage Seat Equitation Classes, which describe the criteria and methodology for evaluating riders in equitation classes and keep in mind that the goals of correct riding are the security of the rider, the ability of the rider to positively influence the horse, and the unity of the rider with the horse in motion. To be effective rider must have a correct position and weight distribution.

Judges are encouraged to provide verbal comments to riders after the class, but the actual judge(s) score sheets must not be posted.

The Equitation judging guidelines and suggested patterns for additional tests are posted on the USDF and USEF websites.
