Rule Change Intent

To encourage participation in this section and specifically the model. If people enter the class they should be allowed to show, regardless of the number of entries. Also, in situations where there are only three entries in the section, an exhibitor with a horse that does not model well can intentionally or unintentionally choose not to compete in the Model and manipulate the Championship placings by causing the Model not to count. This unfairly penalizes the other exhibitors who are actually participating in the full section.
