Rule Change Intent

The PHA medal class was previously included in the USEF Rule Book but had been withdrawn several years ago. This popular Medal class seeks to again be included in the Rule Book.

It was removed as part of an attempt to streamline the rule book with less specifics about less frequent or more regional classes. In the intervening years, it seems to be held often enough, requiring stewards to go searching for information enough, to be a hindrance to not have it in the rulebook.
