Standard	12/1/2022	2/11/2022	

## Rule Change Intent

With the increased use of safety vests, this rule will cover the procedure for timing when a vest deploys. Without a rule addressing the deployment of Safety Vests, the rider will feel they must continue on course with the deployed vest and this would be very dangerous for both the rider and horse.

## Committee Actions

**3. Safety Vests** (renumber)

- a) *Should a rider's safety vest deploy at any point, while on course, the rider may stop and remove the vest, with assistance if needed. Assistance must be limited to the removal of the safety vest. The clock will be stopped and not restarted until the vest is removed. The rider will only receive a penalty for the disobedience or disruption of a fence, if appropriate.***
