Rule Change Intent

Update to reflect current USDF requirements. The terminology should be updated as the term "score cards" is not used for Dressage Sport Horse Breeding score sheets. Currently, judges are required to place horses in large under saddle classes using class score sheets so that the horses are properly recorded in results. Also, management currently has the authority to determine when judges officiate together using the same score sheets and when they officiate separately in the same classes. DR211.2 is outdated and must be made current.
