Draft 1: Recommends Approval 04/06/2021	Draft 1: While the JSC approved this, there was much discussion about only requiring a "closed" sign rather than both. The thought was that the show is open to people using these areas and that it would be more appropriate to only alert people to the ones that were specifically closed. There was also some discussion on including a posted schedule as an option.

Draft 1: Recommends Approval 04/12/2021	Draft 1: The Committee believes that if removed from the Rules, this should be considered as a Best Practice for Competition Management. The Committee also agreed with the comments from the Jumping Sport Committee.

HJ106 Riding and Lunging Areas

1. ~~Each riding and lunging area must be clearly labeled with signs indicating whether the area is open or closed, in accordance with the competition schedule.~~ Riding or lunging may not occur in a riding or lunging area that has been closed for use. Lunging is not permitted in the same area in which horses are being ridden; riding is not permitted in the same area in which horses are being lunged. The prize list must specify the dimensions of each riding and lunging area at the facility.
