Rule Change Intent

Point b of JP 151.9 refers to the 24-hour period prior to the class which could suggest that this practice is permitted before the 24-hour period starts. However, manual poling and the use of offsets is prohibited on competition grounds per GR 843. Therefore, this sentence in part b should be deleted.

9. Schooling.

a. All horses competing must be presented for check-in to the Competition Steward or their designee and must be present on the grounds for the twenty-four hour period prior to the scheduled start of the class. Any horse that has been removed from the grounds for any reason without permission of competition management is ineligible to compete in that class. Competition management will determine who the person(s) responsible is (i.e. rider, trainer, etc.) for removing that horse. All of the responsible person's horses will be eliminated from that class and entry fees for that class will be forfeited.
