## Rule Change Intent

The rotation rules for stewards are extremely cumbersome and this rule change will simplify the applicable rules for C1 Stewards. Rotation rules are important because it ensures the same steward is not officiating for the same licensee repeatedly. This rule change proposal would require a C1 Steward to rotate after working for the same licensee at three consecutive competitions. Competition Management and Licensees typically use the same pool of officials, so this proposal still requires a rotation of licensed officials and provides the same effect as current practices.

## Committee Actions

4. Except in Hawaii and Alaska, no **C2** Steward may officiate for more than three consecutive years at the same competition or at more than three consecutive competitions run by the same Licensee. When three or more **C2** Stewards are officiating one steward will not be subject to these restrictions and will be eligible to serve as Steward for a fourth consecutive competition run by the same Licensee.

***5. Except in Hawaii and Alaska, no C1 Steward may officiate for more than three consecutive competitions run by the same Licensee.***

**65.** Except in Hawaii, no Technical Delegate may officiate for more than two consecutive years at the same competition or at more than two consecutive competitions run by the same Licensee. In Alaska, no dressage Technical Delegate may officiate more than three consecutive years at the same competition, but are not otherwise restricted from officiating at consecutive competitions run by the same Licensee. For the purposes of this rule, multiple, consecutive day Dressage Competitions held within a six-day period will be counted as one competition, if they are run by the same Licensee.
