Rule Change Intent

Clarification. This sentence originally referenced the provisions in the General Rules that govern measurement appeals (GR SUBCHAPTER 5-E MEASUREMENT APPEAL) without having to repeat that information in DR135. However, when the Measurement rules were revised several years ago, and the rule numbers were changed, the references in DR135 did not get updated. Language is further added to clarify that the measurement appeals process is required before an animal can be re-measured after a measurement where it is over the maximum height.
