## Rule Change Intent

When the fence heights for the Large Regular Pony Hunter section and the USEF Pony Medal were modified from 3'0" to 2'9" – 3'0", the WIHS Pony Equitation fence height for large ponies should have been modified as well. The WIHS Pony Equitation is commonly run with the USEF Pony Medal and the Regular Pony Hunter section with an open card so the fence heights should be consistent. Additionally, the restriction on the Green Pony section being run concurrently is no longer needed as the Green Pony Hunter fence heights are no longer inconsistent.
