CHAPTER 5 MEASUREMENT OF ENTRIES**SUBCHAPTER 5-A CONDITIONS****GR501 Other Measurement Rules**

The rules in Chapter 5 do not apply to measurement of entries in Hunter, Jumper and Welsh Pony Divisions: refer to rules HU171-183. For all other measurements, see GR502-517. For Combined Driving, see DC930 Appendix A. For Dressage, see DR135.

GR502 General

1. Management shall not permit an animal to be shown in a performance class at a Federation Member competition in any division or section that requires a measurement card unless; a) the owner is in possession of a measurement card issued by the Federation or Equestrian Canada bearing the date of 1982 or later; or b) he possesses a copy of a valid measurement form; or c) or management confirms measurement electronically with the Federation Office; or d) For Shetlands the owner is in possession of a measurement card issued by ASPC. At Regular Competitions, management may not give out an exhibitor's number for an animal showing in a division or section that requires a measurement card before the above requirements have been complied with. (See GR1302.2b)
2. A Show Committee or Competition Management may require the measurement of all animals in any division in which height is a qualifying factor.
3. Animals in competition in any division or section that requires a measurement card are subject to measurement by a licensed veterinarian and Registered steward appointed by Federation. The Federation CEO or his designee may require the measurement of any animal competing at a Federation Licensed Competition in any division in which height is a qualifying factor.
4. Measurements must take place at a Licensed Competition in which the animal is entered to compete. The Federation Approved Measuring Stick must be used. The animal must be measured by an officiating steward and any one of the following officials officiating in the competition: a veterinarian, a judge or another steward. Heel and toe measurements, where applicable, must be done by an officiating steward.
5. The officials appointed to measure animals at a competition are responsible for their true measurement and must check the measurement devices for accuracy. The names of the measuring officials will be printed on the measurement card and they and other measuring officials will be subject to penalty under the provisions of Chapters 6 and 7 if it is determined that a measurement is incorrect.
6. Measurements are solely for the internal use of the Federation, its Licensed Competitions and its licensed officials in connection with competing for prizes, and do not constitute any representation or warranty regarding measurement information; accordingly, the Federation, its Licensed Competitions and its licensed officials make no representation and shall have no liability whatsoever for measurement errors.
7. Once a foal year has been submitted to the Federation office, the original date cannot be changed without a copy of the animal's breed registration papers or a signed statement from a veterinarian certifying the animal's age.
8. Prior to presenting the pony for measurement it is the responsibility of the owner, and in his interest, to ensure that the pony is handled properly, accustomed to the application of a measuring stick, and correctly prepared for measurement.

GR503 Required Measurements and Re-measurements

1. An animal must be measured each competition year until it reaches the age of six. Animals five years and under will be issued a card designating the year measured. Animals six years and older will be issued a measurement card which does not have to be renewed. Those animals which are measured (and for which a valid measurement form is received by the Federation office) in the month of December immediately preceding the calendar year in which

they turn six years of age will be issued a measurement card that does not have to be renewed. With the exception of animals under six years old, once an animal is issued a measurement card, a new card will not be issued unless the measurement is questioned or protested, an appeal is made or after an official measurement is performed.

2. All animals that have been assigned a card prior to March 1, 1982 must be re-measured. If the owner, either member or non-member, is in possession of a measurement card issued prior to the aforementioned date, there will be no fee for re-measurement.
3. In the event an animal has been officially measured after December 1, 1982 and the owner does not have the measurement card or valid measurement form in his immediate possession, the animal must be re-measured for the purposes of competing in that particular competition only. Measurement forms are sent to the Federation office, but not given to the owner. If an owner fails to present a valid measurement card at a competition, the owner must have the animal re-measured at said competition. If an owner fails to present measurement card at more than one (1) competition he will be fined for each subsequent re-measurement necessary.
4. If the shoeing status of an animal changes from that which is indicated on its measurement card (due to an injury causing corrective shoeing or the sale of animal, etc.) a new card reflecting the new shoeing status may be issued provided the animal is re-measured in accordance with GR504 and the original measurement card is surrendered to the Federation office.
5. All Hackney Roadster and Roadster Ponies must be re-measured and issued new measurement cards prior to competing in licensed competitions for the year 2004 and beyond.
6. Exception: GR503 does not apply to the Dressage Division. For Dressage and Dressage Sport Horse Breeding, see DR135.

SUBCHAPTER 5-B PROCEDURES

GR504 Membership Requirements

Before any animal is measured the person presenting the animal must have in his possession the owner's membership number, a signed statement signifying that membership has been applied for, or proof of Equestrian Canada membership.

GR505 Completing the Measurement Form

1. The measurement form must be filled out completely in duplicate and the number of the stick must be on the form. Measurement cards will not be issued if the form is not completely filled out and legible. Exhibitors are cautioned to make sure their measurement forms are filled out accurately and completely.
2. The form must include:
 - a. The name and date of the competition, the height of the animal, height of heel (except for Arabian, Dressage and Dressage Sport Horse Breeding), name, color and markings, sex, year foaled which must be verified at time of measurement and designate whether the animal is shod or unshod. (American Saddlebred measurements must be entered on left measurement box of form.)
 - b. The name and address of owner and Federation membership number must be given.
 - c. The form must be signed by the person furnishing the above information immediately before the animal is measured and then signed by the competition officials appointed to measure.
 - d. The person providing the information that appears on the measurement form must be 18 years or older and is responsible for the accuracy of such information and care should be taken that all is in order before signing. When this individual signs the form he/she is certifying that all information is complete and correct. If a measurement form is signed by a person under the age of 18 and submitted to the Federation office, the measurement will be invalid.
 - e. No changes can be made to such information once the form is signed. Any alterations, scratch outs, or rewrites

GR5 - MEASUREMENT OF ENTRIES

to any part of the height, height of fore heels, or thickness of shoe/pad must be clearly indicated and initialed by the measuring officials. Care should be taken that all information is in order before signing.

3. The white copy of the measurement form is given to the owner or trainer, the blue copy is returned to the Federation office and the pink copy should be retained by the steward.
4. The owner will retain the white copy which, when properly signed by the two measuring officials, is valid for 45 days from the time the animal is measured, regardless of age. Exception: Hackney, Roadster, and American Saddlebred ponies: the white copy which owners retain will remain valid for the remainder of the current competition year.

SUBCHAPTER 5-C MEASURING

GR506 Measurement Devices

Only the Federation Approved Measuring Stick may be used. The Federation Approved Measuring Stick is a straight, stiff, unbendable stick that is equipped with a plumb bob or spirit level to make sure that the stick is perpendicular to the ground and that the crosspiece or arm is parallel with the ground surface, and must be shod with metal. All Federation approved measuring sticks will be numbered, carry the Federation logo and the legend Federation Approved. A Federation Approved Measuring Stick with a metric scale must be used for Dressage, Dressage Sport Horse Breeding, and Driving measurements. See DR135 for specific requirements regarding Measurement Devices at Dressage Competitions.

GR507 Measurement Surface

1. The measurement surface must be level and under no circumstances should animals be measured on dirt or gravel. A concrete slab or other paved surface is most desirable but, when not available, a sheet of heavy plywood can be used. Exception: plywood may not be used for Dressage or Dressage Sport Horse Breeding measurements. (GR507 does not apply to Dressage pony measurements. See DR135.) BOD 8/27/18 Effective 9/1/18
2. If a suitable surface is not available at a competition, animals without a measurement card issued after December 1, 1982 or a valid measurement form must be measured to compete in that competition, but no measurement form shall be given to the owner. See GR1210.2 and GR1210.3.

GR508 Position of Animal

1. The animal must stand squarely on all four feet in such a position that the front legs are vertical to the ground and the back of the hocks are in a vertical line with the point of the animal's quarters. The head must be held low enough to reveal the highest point of the withers and no lower. The animal must be free of all appliances. Handlers must not interfere with the animal in any way that will prevent it from standing in this position; blinkers may be allowed.
2. For the Hackney Division: The animal should be standing with his front legs perpendicular to the ground. Ideally his head should be lower than his withers. This easily locates the highest part of the withers where the measurement should take place. Handlers must not interfere with the animal in any way that will prevent it from standing in the correct position; blinkers may be allowed.

GR509 Method of Measurement

With the animal in the aforementioned position, measure the vertical distance from the highest point of the withers to the ground. The cross-piece, arm or bar of the measuring device must be placed over the highest point of the withers and no measurement taken at any other part of the animal's body will count. Additional pressure must not be applied to the cross-piece, arm or bar.

GR510 Method of Measuring Toe and Heel

Using a six (6) inch metal ruler, the length of the toe is determined by measuring the front of the hoof, in the center,

from the skin line on the lower side of the coronary band to the ground. The skin line on the lower side of the coronary band is to be defined by palpation. The thumb should be used to press on the horny hoof wall proceeding from the ground toward the hairline. The first compressible soft tissue palpated is the lower side of the coronary band. The hairline does not necessarily coincide with the lower side of the coronary band. The height of heel is determined by measuring from the skin line on the lower side of the coronary band to the ground, with the ruler perpendicular to the ground (See illustration).

METHOD OF MEASURING TOE AND HEEL

Smooth Flat Surface

GR511 Exceptions for Breed Measurements

1. American Saddlebred-

- a. Ponies five years of age and under are eligible to compete in classes restricted to American Saddlebred-type ponies. Ponies must be presented annually for measurement unshod (note: for purposes of protection a 1/4" pad or plate may be nailed to the foot and then deducted from the official measurement).
- b. In order to obtain a permanent USEF measurement card American Saddlebred-type ponies, six years of age and over must be presented for measurement unshod (note: for purposes of protection a 1/4" pad or plate may be nailed to the foot and then deducted from the official measurement).
- c. If an American Saddlebred-type pony (regardless of age) measures up to 1 inch over 14.2 hands the pony will be issued a measurement card reflecting its height and permitted to compete in American Saddlebred-type pony classes restricted to ponies 14.2 hands and under.

2. Shetland- The animal may be presented with or without shoes regardless of how shown.

3. Arabian - heel measurements are not required.

SUBCHAPTER 5-D QUESTIONING AND PROTESTING

GR512 Height

1. An owner or trainer may protest the height of only one animal competing in a class in which he is also competing. (See GR603) For Dressage protests, see DR135.9. If a protest is filed the animal's heel must be measured by the officiating steward immediately upon exiting the arena so that no change can be made by re-shoeing or the animal must be accompanied by an official until the measurement procedure is completed. The heel measurement will be taken from the skin line to the ground (see GR510), recorded by the competition Steward and signed by the exhibitor. The animal must be measured for height within one hour of the conclusion of the session, at an officially

GR5 - MEASUREMENT OF ENTRIES

designated measurement location for that competition. If it is determined that the animal's shoeing has been changed between the time of the measurement of the heel and the official measurement of the animal, the protest will be upheld and the owner will forfeit entry fees and winnings for the entire competition and the animal is barred from competing for the balance of the competition year. All points accumulated for Horse of the Year Awards are nullified. (Exception: Heel measurements are not required for Arabians. The animal will be measured for height per Chapter 5, Subchapter 5-B and 5-C)

2. Animals Five Years of Age or Under

- a. If it is determined that an animal five years of age or under is being shown with the same heel measurement as indicated on its measurement card or valid measurement form, or a lower heel measurement than as indicated on the measurement card or valid measurement form, said animal may continue to show at the height indicated and its height cannot be protested.
- b. If it is determined that the animal is being shown with a greater heel measurement than as indicated on its measurement card or valid measurement form, the animal must be measured in accordance with GR512.1
- c. (Exception: Heel measurements are not required for Arabians. The animal will be measured for height per Chapter 5, Subchapter 5-B and 5-C)

GR513 Toe Length

1. An owner or trainer may protest the length of toe of any animal competing in a class in which he is competing.
2. If the length of toe of any animal is protested, the Show Committee or Competition Management must have the official veterinarian and a judge or steward officiating in the competition measure the toe immediately so that no change can be made by reshoeing.
3. If the limit for length of toe is exceeded, the animal must be disqualified for the balance of the competition and the owner of the animal forfeits entry fees and winnings for the entire competition.

GR514 Results of Questioning or Protesting

1. The measurement card or valid measurement form of any animal that is required to transfer into another division or section must be surrendered to the competition steward who must forward it to the Federation office with his report.
2. The name of any animal barred from showing due to its height exceeding the limit for the animal's section by more than one half inch (1/2") is listed in equestrian.

The decision of competition measuring(s) officials is final for the competition where the protesting occurred. An appeal may be filed with the Federation to cover future and prior competitions.

SUBCHAPTER 5-E MEASUREMENT APPEAL

GR515 Conditions

An owner or trainer of an animal declared ineligible for a division or section on account of height may appeal a measurement. The animal is barred from competing in the particular height division or section for which he was declared ineligible until the measurement is performed.

GR516 Procedures

1. The appeal must be made to the Federation office in writing within seven (7) days of the measurement and must be accompanied by the required deposit.
2. All expenses including veterinary fees must be paid by the appellant who must make a deposit with the Federation as an advance on anticipated costs prior to the measurement.
3. The Federation will select a location and time for the appeal measurement as convenient as possible. The owner or

trainer must deliver the animal to the location at his own expense within 45 days of filing the appeal.

4. The measurement must be performed by at least two persons appointed by the Federation which shall include one veterinarian who is a member of the American Association of Equine Practitioners and one Registered steward or Technical Delegate, as permitted by division rules. The officials whose measurement is being appealed cannot be part of the team conducting the measurement appeal.
5. Any animal submitted for an appeal measurement must show no evidence of lameness. If found to be lame by the examining veterinarian, the animal cannot be measured or remeasured for thirty (30) days and the appellant forfeits his deposit and any veterinary expenses incurred. Each animal submitted for an appeal measurement must be tested for drugs and medications in accordance with General Rules, Chapter 4, GR405.
6. If the appeal is not upheld or the appellant fails to submit the animal within 45 days, the animal is barred from showing for the balance of the competition year. The deposit is forfeited and all points accumulated for Horse of the Year Awards are nullified.
7. The measurement made under the terms of an Appeal is final.

SUBCHAPTER 5-F OFFICIAL MEASUREMENT

GR517 Conditions

An owner or trainer may request an official measurement for an animal six (6) years or over provided: a) the animal has never been shown in a Licensed Competition; or b) has never been declared ineligible for a division on account of height; or c) was declared ineligible for a division on account of height prior to December 1, 1982; or d) has had a bona fide transfer of ownership; e) except for those applied for prior to December 1, 1987.

GR518 Procedures

1. The request for an official measurement must be made to the Federation in writing and accompanied by a deposit which is not refundable.
2. All expenses including veterinary fees must be paid by the person requesting the measurement who shall make a deposit with the Federation, as an advance on anticipated costs, prior to the measurement. Both the owner and trainer are required to sign a waiver and consent on a form prepared by and acceptable to the Federation agreeing to the arrangements for the official measurement, agreeing to the administration of Lasix to the animal to aid in the collection of a urine sample for laboratory tests for Federation forbidden substances. (Exception: Hackney, Roadster, and American Saddlebred.)
3. The Federation will select a location and time for the official measurement as convenient as possible. The owner or trainer must deliver the animal to the location at his own expense.
4. The measurement must be performed by at least two persons appointed by the Federation which shall include a veterinarian who is a member of the American Association of Equine Practitioners and one Registered steward. The officials whose measurement is being appealed cannot be part of the team conducting the measurement appeal.
5. Any animal submitted for an official measurement must show no evidence of lameness.
6. An official measurement is final.
