C) Horse Declarations:

Athletes may submit multiple horses on their application, with the option to submit new horse(s) during the selection period, as long as all horses are eligible under the USEF criteria, FEI criteria, and meet the requirements in the selection procedures. The Selectors will recommend selection of the athlete(s) in accordance with the listed criteria and will inform the selected athletes which horses they are selected with and which can also be used as automatic substitutions. If following selection, a selected athlete wishes to substitute in a horse not previously approved by the Selectors, they must seek the permission of the Selectors, or if the Selectors cannot be contacted and the decision is time critical, permission may be granted by the appointed Chef d’Equipe in consultation with the appointed Team Coach and/or the Driving Performance Manager.

D) Process by which Athlete/horse combinations are selected for Team nominations:

1. Team and/or Individual nominations:

By July 10, 2019, the Selectors will recommend the Team selection of up to three (3) athlete/horse combinations, or up to the maximum number of athletes (including Individuals) permitted by FEI Rules, based on the factors outlined in sections I.D.2 & I.D.3 below. The USEF Driving Sport Committee (“DSC”) will review the Selectors’ recommendation prior to sending on to the Board of Directors or an Ad Hoc appointed by the Board of Directors (“BOD or Ad Hoc”) for approval.

- 2. FEI Nominated Entries:** *(Date TBD, typically 4-6 weeks before the Event)* By no later than the FEI Nominated Entry date for the Event, a list of athlete/horse combinations up to the maximum number able to be nominated under FEI rules with one reserve named, will be recommended by the Selectors to the DSC. Final approval of the DSC selection comes from the BOD or Ad Hoc.

Selectors will base their evaluations of the athlete/horse combinations for FEI Nominated Entries on the following factors:

- a. The athlete's competitive results within the selection period defined above.
- b. The performance and results at the Selection Trials listed above, in no particular order: scores in the Dressage, penalties obtained in Marathon, accuracy and speed in the Cones.
- c. Previous international experience (over a six-year period), regarding the athletes'/horses' ability to perform consistently under pressure.
- d. Prospect that the combination will contribute to a winning Team score for their expertise in a particular phase, if applicable. For example, if a combination consistently attains superior scores in a particular competition phase, they may be selected to help achieve a winning Team score, *regardless of any individual ranking*.
- e. If not selecting for a Team, athlete/horse combinations will be selected based on their final results, regardless of expertise in a particular phase.
- f. Behavior of athlete and people associated with the athlete (including, but not limited to, owners, coaches and grooms) that may have an impact on creating a positive team environment.
- g. The performance report from USEF Driving Performance Manager.
- h. Willingness of athlete to be transparent with USEF Driving Performance Manager, Veterinarian(s), Chef d'Equipe & Staff.

Selectors will give primary consideration to CAI competitions with comparable courses, number and quality of entries, and Ground Juries to the Event.

3. **FEI Definite Entries:** (*Date TBD, typically 2 weeks before the Event*) Before the closing date for FEI Definite Entries, the Selectors will confer with the USEF Driving Performance Manager and an FEI Veterinarian on the current fitness, soundness, and ability of athlete/horse combinations to determine if they are able to meet the standards for the Event (i.e. dressage scores, distance, size and complexity of obstacles, and required speed to avoid time penalties). The Selectors will recommend final selection to the DSC, which in turn must be approved by the BOD or Ad Hoc.

Selectors will base their evaluations of the athlete/horse combinations for FEI Definite Entries on the following factors:

- a. Evaluations by an FEI Veterinarian regarding horses' current fitness, soundness & ability to compete.
- b. The athlete's competitive results within the selection period.
- c. The performance and results at the 2018-2019 Selection Trials listed above, in no particular order: scores in the Dressage, penalties obtained in Marathon, accuracy and speed in the Cones.
- d. Previous international experience (over a six-year period), regarding the athletes'/horses' ability to perform consistently under pressure.
- e. Prospect that the combination will contribute to a winning Team score for their expertise in a particular phase, if applicable. For example, if a combination consistently attains superior scores in a particular competition phase, they may be selected to help achieve a winning Team score, *regardless of any individual ranking*.
- f. If not selecting for a Team, athlete/horse combinations will be selected based on their final results, regardless of expertise in a particular phase.
- g. Behavior of athlete and people associated with the athlete (including, but not limited to, owners, coaches and grooms) that may have an impact on creating a positive team environment.
- h. Consultations with the Driving Performance Manager and Team Veterinarian.

The Selectors will give primary consideration to CAI International competitions with comparable courses, number and quality of entries, and Ground Juries to the Event.

Based on the Selectors' evaluations and recommendations, and upon recommendation of the DSC, the BOD or Ad Hoc will approve the Team selection of up to three (3) athlete/horse combinations, or up to the maximum number of athletes (including Individuals) permitted by FEI Rules.

4. **Substitutions & Declaration of Starters:** After the acceptance of the FEI Definite Entries and until one hour before the first Horse Inspection, in the event of an accident or illness of athlete or horse, the athlete &/or horse may be substituted by another from the FEI Nominated Entry list (subject to approval of the OC & the Ground Jury, Article 946.1). After the acceptance of the FEI Definite Entries and until one hour after the first horse inspection, the Chef d'Equipe in consultation with the Team Veterinarian will declare in writing the Team of three (3) athlete/horse combinations that will compete in accordance with the FEI General Regulations (Article 121 & FEI Driving Rules Article 947).

E) Health Considerations:

1. **Equine Drug Testing:** All applicant horses are subject to drug testing both in competition and out of competition. (*USEF GR 409*)

In Competition: All horses entered to compete in any FEI or USEF competition are subject to drug testing at any time from when the competition begins until the competition ends or beginning when the horses arrive for the competition until the competition ends, whichever beginning occurs first. Blood and/or urine samples may be collected and tested for substances, prohibited or forbidden, under the subject competition rules. National competitions may invoke GR 409 whereby samples will be tested for FEI prohibited substances, including metabolites and markers.

Positive Finding. At any time during the selection period that the presence of a prohibited or forbidden substance, or a metabolite or marker, is detected in the sample collected in-competition, the results, including the level detected for controlled medications, will be reported to the USEF Chief Executive Officer and General Counsel, who will notify the Director of Driving for dissemination of information as appropriate. In such instance, the positive finding may result in the elimination of the horse and/or athlete from the Selection Process. Before elimination occurs, the owner and athlete will be afforded a hearing by a panel ("Selection Hearing Panel") comprised at least one member of the DSC along with at least two members of the Hearing Committee, one of which must be an Eligible Athlete. The Chairman of the USEF Veterinarian Committee, or his designee, may serve Ex Officio.

Out-of-Competition: Blood and/or urine samples may be collected out-of-competition at any time throughout the selection period following notification to the athlete at least 24 hours prior to collection of samples. Samples

collected from horses out-of-competition will be tested for the presence of substances prohibited by the FEI, including metabolites and markers. Failure to make the horse available for collection of samples may result in the elimination of the horses and/or athlete from the Selection Process. Before elimination occurs, the owner and athlete will be afforded a hearing by the Selection Hearing Panel.

Positive Finding. At any time during the selection period that the presence of a prohibited or forbidden substance, or a metabolite or marker, in the sample, the results, including the level detected for controlled medications, will be reported to the USEF Chief Executive Officer and General Counsel, who will notify the Director of Driving for dissemination of information as appropriate. In such instance, the positive finding may result in the elimination of the horses and/or athlete from the Selection Process unless the Team Veterinarian appointed for selection of the Event certifies that the substance detected has been approved or is legitimate and appropriate under the circumstances. Before elimination occurs, the owner and athlete will be afforded a hearing by the Selection Hearing Panel.

This provision does not abrogate the enforcement of applicable equine anti-doping rules at Federation licensed competitions, including competitions where GR 409 is invoked whereby samples will be tested for FEI prohibited substances, including metabolites and markers.

USEF GR409.2 Equine Drugs and Medications, Prohibited Substance Provisions

No horse and/or pony competing in a Breed or Discipline designated as (or part of) a No Prohibited Substance Group is to be shown in any class at a competition licensed by the Federation if it has been administered in any manner or otherwise contained in its tissues, body fluids or excreta a prohibited substance as defined in the FEI Equine Anti-Doping and Controlled Medication Regulations, which can be found at www.fei.org.

Please also review the section on Veterinarian Treatment, a violation of which may result in elimination under this provision. Before elimination occurs in either instance, the owner and athlete will be afforded a hearing by the Selection Hearing Panel.

2. **Soundness:** At the athlete's expense, an FEI treating veterinarian must examine any horses that are candidates for the FEI Nominated Entry, the FEI Definite Entry or Substitutes for soundness **prior to the FEI Nominated Entry date**. The Chef d'Equipe and Selectors will require a written exam report prior to their naming the FEI Nominated Entry & FEI Definite Entries.

The examining veterinarian and the athlete's veterinarian must be in communication regarding the soundness and preparation of the Nominated horses.

Horses found to be unsound by the FEI Veterinarian may be eliminated from the Selection Process, but only with the recommendation of the Chef d'Equipe, the DSC, and with the approval of the BOD or Ad Hoc.

3. **Team Veterinarian Request:** Upon request from the Team Veterinarian and **at their own expense**, Athletes shall make up to 24 months' worth of veterinary records available for horses under consideration for selection. **At their own expense**, athletes shall be responsible for supplying any follow-up diagnostic information requested by the Team Veterinarian for the horses in question. If necessary, **at their own expense**, athletes shall complete any treatment prescribed by the Team Veterinarian, after consulting with the horses' treating veterinarian, if requested. Failure to comply with any reasonable request of the Team Veterinarian may result in the removal of the horses and/or athlete from the selection process by the Chef d'Equipe and Selectors, upon the recommendation of the Team Veterinarian, the DSC, and with the approval of the BOD or Ad Hoc.
4. **Veterinary Treatment:** Once horses are named to the FEI Nominated Entries or FEI Definite Entries, all selected athletes will be required to obtain written permission from the Team Veterinarian prior to their selected horses being treated by any person other than the Team Veterinarian. This permission must be obtained by using the official USEF Driving Veterinary Treatment Request Form. Failure to adhere to this policy and/or the directive of the Team Veterinarian as outlined on the USEF Driving Veterinary Treatment Request Form may result in the removal of

horses and/or athlete from the selection process by the Chef d'Equipe and the Selectors, by recommendation of the Team Veterinarian, the DSC, and with the approval of the BOD or Ad Hoc.

- 5. Medical Request:** In the event of illness or injury, athletes may be required to submit to a medical examination by physician(s) approved by the USEF IDC at any time during the selection process for the purposes of determining the athlete's ability to compete at the Event. Failure to submit to such examination may result in the removal of the athlete from the selection process by the Chef d'Equipe and Selectors, upon recommendation of the USEF approved physician(s), the DSC, and with the approval of the BOD or Ad Hoc. Following the examination, should the USEF approved physician(s) find the athlete unfit to compete, the athlete will be removed from the selection process at the recommendation of the DSC and with the approval of the BOD or Ad Hoc.

II. DISCRETIONARY SELECTION

- A. Rationale for Utilizing Discretionary Selection (if any):** Discretionary selection is used to field the best team possible for the Event; Applicants willingly submit themselves to this subjective process.
- B. Discretionary criteria and explain how it will be used:** See section I.D.
- C. Discretionary Selection Committees:**
- 1. Names of the person(s) and committee(s) that will be responsible for discretionary selection.**
 - a. USEF Selection Committee
 - b. USEF Driving Performance Manager
 - c. USEF Driving Team Veterinarian
 - d. USEF Driving Sport Committee
 - e. USEF Board of Directors or Ad Hoc Selection Group
 - 2. Complete list of the members of the committee(s), their titles & their NGB role that qualifies them to serve in this capacity:** See www.usef.org for a list of USEF Committee members & their roles.

Five (5) individuals (the "Selectors") will be appointed by the IDC upon the recommendation of the DSC. The Selectors are subject to the USEF Code of Conduct, USEF Code of Ethics and Conflict of Interest policies, and USEF Safe Sport Policy. The Selectors and members of the Driving community who are knowledgeable and experienced in Driving at the International level, and are senior active members in good standing at USEF, including a minimum of one Driving Eligible Athlete Representative as defined by the USOC (See Definitions on page 10) but who is not an applicant for the Team (the "Eligible Athlete Representative Selector"). In making their decision, the Selectors will consult with the USEF Driving Performance Manager, and if applicable, the Chef d'Equipe, the appointed Team Coach, or the Team Veterinarian.

A minimum of one (1) Replacement Selector will also be named. A Replacement Selector will take the place of a Selector who has a conflict of interest or a substantial appearance of a conflict of interest. There will be a minimum of 20% Eligible Athlete Representation on the panel of the Selectors.

III. REMOVAL OF ATHLETES

- A. Reasons & Procedures to remove an athlete from FEI Nominated Entries:**
1. Voluntary withdrawal: An athlete must submit a written letter to the USEF Chief Executive Officer (cc: Director of Driving).
 2. Injury or illness as certified by a USEF approved physician (or medical staff). If an athlete refuses verification of their illness or injury by a USEF approved physician (or medical staff), their injury will be assumed to be disabling and they may be removed.
 3. Violation of the USEF's Code of Conduct.
 4. Failure of the horse owner to sign the Horse Loan Agreement.
 5. Injury or illness of the horses as determined by the Team Veterinarian. If an athlete and/or horse owners refuse to have the horse examined by the Team Veterinarian, the injury or illness will be assumed to be disabling and the horses may be removed.

6. Exceptional circumstances having a direct bearing upon obtaining the best qualified team for the Event, but only with the recommendation of the Chef d'Equipe and Selectors.
7. Detection of a prohibited substance in the horses.
8. Failure to adhere to all WADA, FEI, USEF, and/or USADA anti-doping protocols, policies and procedures including participation in the out-of-competition testing as required by the WADA, FEI, and/or USADA Rules.
9. Failure to comply with a request of the Team Veterinarian or failure to adhere to the USEF Driving Veterinary Treatment Request Form protocols.
10. Failure to adhere to the agreed upon plans and/or directive of the Chef d'Equipe.
11. Failure to comply with the USEF Safe Sport Policy.

In these procedures, the removal of an athlete is closely related to the process by which they will be replaced. Therefore, the reasons for which an athlete may be removed are thoroughly addressed in Section IV.

An athlete removed from the FEI Nominated Entries pursuant to this provision has the right to a hearing per the USEF's Bylaws & Rules (Article 703 & GR 605).

B. Reasons & Procedures to remove an athlete from FEI Definite Entries or Team:

1. Voluntary withdrawal: An athlete must submit a written letter to the USEF Chief Executive Officer (cc: Director of Driving).
2. Violation of WADA, FEI, USEF, and/or USADA anti-doping protocol, policies and procedures.
3. Injury or illness as certified by a USEF approved physician (or medical staff).

5. Violation of the USEF Code of Conduct.
6. Failure to comply with the USEF Safe Sport Policy.
7. Failure to adhere to the agreed upon plans and/or directive of the Chef d'Equipe and/or USEF Driving Performance Manager.

IV. SUBSTITUTION / REPLACEMENT OF ATHLETES & HORSES

A. Identifying the pool of athletes and horses with which to substitute or replace:

The FEI Nominated Entries will comprise the pool of substitutes/replacements for athlete and/or horse combinations.

B. Substitution/Replacement athletes and horses will be selected, should a vacancy occur, according to the following method:

1. Prior to acceptance of FEI Nominated Entry:

Once the FEI Nominated Entry for the event has been announced and prior to the submission of the FEI Nominated Entry (*Date TBD, typically 4-6 weeks before the Event*), FEI Nominated Entry athlete/horse combinations may be substituted in accordance with the process cited in Section I above. Any substitution other than voluntary withdrawal must be upon the recommendation of the Selectors, in consultation with the Chef d'Equipe and Driving Performance Manager, and the DSC, and subject to the approval of the BOD or Ad Hoc. Any substitution for Veterinary reasons other than voluntary withdrawal must have the approval of the Team Veterinarian. Any substitutions for medical reasons other than voluntary withdrawal must be documented by a physician(s) who is approved by the USEF.

2. Prior to the closing date for FEI Definite Entry:

Once the Team and Individual(s), if any, have been announced and prior to the closing date of the FEI Definite Entry (*Date TBD, typically 2 weeks before the Event*), Team members may be replaced with an athlete/horse combination on the FEI Nominated Entry for reasons set forth in Section III.B. Replacements may only be made by recommendation of the Chef d'Equipe and Driving Performance Manager, with approval of the Selectors, and in accordance with the FEI Regulations for Driving Events and/or for reasons set forth in Section III.B. and subject to approval by the USEF Team Leader. To fill openings, if they occur, the Chef d'Equipe and Driving Performance Manager, in consultation with the Selectors and Team

Veterinarian will evaluate the athletes and horses named to the Team and the FEI Nominated Entry and may recommend that a replacement be made. The Chef d'Equipe, Driving Performance Manager, and Selectors when evaluating athletes and horses will base their evaluations on the factors outlined in Section I.E.1-3. Any substitution for veterinary reasons other than voluntary withdrawal must have the approval of the Team Veterinarian. Any substitution for medical reasons other than voluntary withdrawal must be documented by a physician(s) approved by the USEF.

3. **After acceptance of FEI Definite Entry and up to two (2) hours prior to the Horse Inspection:**

After acceptance of the FEI Definite Entry and until two (2) hours before the First Horse Inspection unless an earlier date is specified in the Approved FEI Schedule or is required due to communicated logistical restrictions, USEF has the ability to replace athletes and/or horses on the FEI Definite Entry for reasons set forth in Section III.B. During this time period, Team members may only be replaced with an athlete/horse combination from the FEI Nominated Entry. However, the reason for a substitution must only be because either, the athlete is unfit to compete due to injury or illness or there is a strong veterinary case for substitution or the performance of the Team member has dropped off to such an extent that for the success of the Team a substitution is necessary. The latter situation will almost certainly occur as a result of a veterinary problem which it may or may not be possible to define given the time/resources available at the time. Replacements may only be made by recommendation of the Chef d'Equipe and Driving Performance Manager, with approval of the USEF Team Leader, and in accordance with the FEI Driving Regulations or for seasons set forth in Section III.B. Any replacement for veterinary reasons must be upon the recommendation of the Chef d'Equipe and Driving Performance Manager, and must also have the approval of the Team Veterinarian. Any replacement for medical reasons must be documented by a physician(s) physically present at the Event venue who is approved by the USEF.

C. **Groups or Committees responsible for determining substitutions/replacements:**

1. **Group or Committee who determines the substitution/replacement pool:** USEF Driving Selection Committee, USEF Team Veterinarian, USEF Driving Sport Committee, USEF Board of Directors or an Ad Hoc Selection Group approved by the Board of Directors.
2. **Group or Committee who determines a substitution/replacement to the team:**
 - a. **Prior to acceptance of the FEI Nominated Entry:** USEF Driving Selection Committee, USEF Team Veterinarian, USEF Driving Sport Committee, USEF Board of Directors or an Ad Hoc Selection Group approved by the Board of Directors.
 - b. **Prior to acceptance of the FEI Definite Entry:** By the USEF Team Leader, USEF Driving Selection Committee, Chef d'Equipe, and Team Veterinarian
 - c. **After acceptance of the FEI Definite Entry and up to two (2) hours prior to the Horse Inspection (or earlier date if determined):** By the USEF Team Leader, Chef d'Equipe, Driving Performance Manager, and Team Veterinarian.
