Dear Organizers and Athletes,

The FEI requires that the National Federation (USEF) and the US FEI Organizing Committees (OCs) must be compliant with FEI General Regulations Article 102.3, which states that the National Federation (NF) must enter all athletes and horses for all FEI competitions.

In order for the USEF to comply with the above, all athletes must declare entries through the USEF FEI Entry Portal by 4pm EST on the definite entry date for the competition. Late entries are defined as all entries that are not declared through the USEF Athlete Dashboard by this deadline.

Effective December 1, 2019, late entry requests must be submitted directly to the USEF at feientries@usef.org. Late entries will incur a $75 fee provided late entries are permitted according to discipline policy, and are accepted by the OC. Please include the following information in your late entry request:

- Athlete Name and FEI number
- Horse Name and FEI number
- Competition name, city, state
- Level(s) entered with corresponding horse(s)
- Trainer Name and FEI number (Endurance only)

Entries sent by the OC on behalf of athletes will no longer be accepted by the Federation. Entries must be sent in writing via email to feientries@usef.org; requests over the phone will not be accepted by the Federation.

Please email all questions regarding the FEI Entry System and late entries to feientries@usef.org.

Please note that this policy is only for the below & not Eventing:

- Dressage
- Driving
- Endurance
- Show Jumping
