### Louisiana
- **Effective November 26, individuals traveling from Massachusetts and/or Connecticut to Louisiana are no longer exempt from Louisiana’s quarantine or negative test requirements.**
- **People coming to Louisiana from those states must either quarantine for 14 days or receive a negative COVID-19 test within a sample collection period of 72 hours from arrival in Louisiana, quarantining while waiting test results.**  
  - This protocol includes Louisiana residents returning from one of the two exempt states.

### Maine
- **Businesses and organizations that serve people through seated activities (such as indoor dining, religious rituals, and movie theaters — will be permitted to operate at 50 percent of their capacity, with a maximum of 50 people.)**

### Maryland
- **Advisory strongly encourages anyone traveling to any state with a positivity rate above 5% or any state with significant community spread to quarantine for 14 days or get tested while traveling.**
  - The advisory notes that Maine residents returning from those states should get tested and self-quarantine while awaiting results.
- **Personal services establishments (such as beauty salons), indoor recreation facilities (such as bowling alleys and indoor riding mills), and fitness centers (such as casinos and fitness centers) may open at 50% capacity.**
