

## U.S. FEI Jumping Calendar *Policies and Procedures*

### Overview

The aim of these policies and procedures is to produce the most effective U.S. international jumping sporting calendar. It is important to note at the outset, that these policies and procedures do not replace the United States Equestrian Federation (“USEF” or “Federation”) Licensing and/or Mileage Rules.

USEF may submit dates on the FEI calendar for events that are conditionally approved in advance of an Organizer receiving their one (1) year Federation license. However, an event/competition is not USEF approved unless and until a Federation competition license has been executed. **Organizers must be very clear that an event appearing on the FEI Calendar does not equate to approval of the Federation license for this event.** Ultimate approval lies with the USEF Board of Directors and is demonstrated by a properly executed competition license agreement.
