**Documentation**

To have a horse/pony age verified for the young hunter classes or any other classes requiring age verification you must upload breed registry papers or a breed passport. The Federation will review the provided documents and notify you if further information is needed.

If you do not have an electronic image of your horse's breed papers you can take a photo of them with your camera. If you are uploading from your smart phone, you can attach the image that would be stored in your photo file. If you are using a regular computer, you can email the image from your phone and save the image to your computer for uploading.

Once uploaded, USEF staff will review your submission and will then mark your account verified if the paperwork received is acceptable.
USEF WILL ISSUE A HORSE RECORDING CERTIFICATE THAT INDICATES YOUR HORSE IS AGE VERIFIED TO KEEP FOR YOUR RECORDS. THE NORMAL PROCESSING TIME IS ABOUT 5 TO 10 BUSINESS DAYS. DURING THE RENEWAL SEASON (JANUARY-MAY), IT COULD POSSIBLY TAKE LONGER. THE CERTIFICATE WILL SHOW "AV" (AGE VERIFIED) AFTER THE FOAL DATE IF USEF HAS VERIFIED THE INFORMATION.

IF THE HORSE IS AGE VERIFIED AND THE MICROCHIP IS COMPLIANT, THE RECORDING CERTIFICATE WILL HAVE THIS EMBLEM.
