CC15*-L: DEFENDER BURGHLEY HORSE TRIALS

US EQUESTRIAN TEAM PLAYBOOK

INTRODUCTION

The aim of the Playbook is to give those that are attending the Defender Burghley Horse Trials (GBR) CC15*-L an understanding of the event and the logistics that go with making the trip to Stamford, England. As a CC15*-L. Please note that the individual athletes competing will not receive funding, apparel, Team Staff support, or expense reimbursements.

As with any CC15*-L, Burghley will have its challenges and differences from past and other 5* events. The emphasis must be on ensuring athletes, horses, and grooms can perform their very best. A performance environment should be maintained and always keep in mind that even as a non-Team competition, you are still representing the USA.

The competition venue is approximately 65 miles (2 hours) north of London and 48 miles (90 minutes) south of Birmingham. This event is a standalone CC15*-L event and does not host additional levels or divisions.

We are continually receiving updates and new information so their playbook can never cover all the details. The primary point of contact for the Burghley Horse Trials and their contact information can be found [here](#).

This playbook contains helpful information for attending this Event. Please also familiarize yourself with the [FEI Schedule](#) and remember to check in at the show office upon arrival for the most up-to-date information.

PLEASE READ THIS PLAYBOOK AS IT CONTAINS IMPORTANT INFORMATION ABOUT TRAVEL PLANNING, CLIMATE, AND ACCOMMODATIONS.

Please contact Christina if you have any questions, observations, or suggestions as to how we can optimize the support of the athletes, grooms, and horses.

Good luck to all!

ENTRIES

An FEI Entry is required to compete at the Defender Burghley Horse Trials. Athletes must submit the FEI Entry in order to be entered into the FEI Entry System to compete as an individual at any FEI competition, whether in the U.S. or abroad. The FEI Entry process is managed by US Equestrian Athlete Services.

Entries directly with the competition will also need to be completed. See the [FEI schedule](#) for complete information.

PRE-TRAVEL INFORMATION

VISAS

U.S. citizens and non-E.U. nationals will need to complete The Entry/Exit System (EES) for all short-term stays to European countries. Registration and biometric data collection will be completed at a border control kiosk at the arrival airport. More information about EES can be found [here](#). It is the traveling individual's responsibility to check any visa requirements.

VACCINATIONS

In accordance with the CDC and USOPC recommendations, we advise that all Athletes, grooms, and traveling USEF support staff consider getting the new COVID vaccine now available against new strains as well as the seasonal flu vaccine. These vaccines can be administered at the same time. This is NOT a USOPC or USEF requirement but highly recommended to protect our athletes, grooms, and all Team members. Please note it takes approximately two (2) weeks to maximize immunity.

INCIDENT MANAGEMENT GUIDELINES

In general, Stamford, GBR is a safe area for its residents and visitors. However, security perception changes greatly by district. If you have any doubts or need to report an incident, you can rely on the Police who are constantly patrolling the streets.

Responsible care should be exercised when traveling throughout Stamford. There is a normal level of crime, but it varies by district. In the higher-income areas frequented by tourists, petty theft is the most common concern. Travelers should keep valuables out of sight and be aware of their surroundings. Avoid isolated areas when on foot, especially after dark. It is recommended to only use a trusted taxi or an app-based taxi service. Do not hail a taxi on the street.

Assailants usually target victims for their smartphones, wallets, or purses. If confronted by someone with a weapon, it is best not to resist.

It is best to use ATMs inside banks instead of ATMs that are more accessible to passers-by and all banks advise customers to cover ATM keypads with their hands when entering codes. When making credit card transactions, travelers should expect the vendor to use a credit card reader in their presence.

Disclaimer: This Playbook is a resource produced by the USEF Eventing Department. Please visit the event's [official website](#) for the most up to date information.

Security is the responsibility of everybody. However, security concerns must not be allowed to prevent Athletes from concentrating on preparing and competing their horses. Good security is the application of common sense.

The key to good security is vigilance. Be aware of what is happening around you and always pay attention to anything that appears unusual or out of place. This includes people who appear nervous about their surroundings.

- Make a copy of your passport or real ID and travel documents and leave the original in a safe place.
- Always travel in groups.
- Do not overtly wear expensive jewelry.
- Keep your phone hidden.
- Do not carry excessive amounts of cash or credit cards if you do not need them.
- If you are in a vehicle in standstill traffic with the windows rolled down, keep phones and other possessions low and away from windows and be mindful of people walking through the traffic.
- Do not approach unattended bags, cases or packages – report them.
- Do not accept packages from anyone, the contents of which are unclear.
- Do not advertise where you are staying.
- If you are out in the evening and you become aware of increased police activity, leave the area immediately.
- If you see an incident involving the police, do not get involved. Do not play the good Samaritan.
