3. Use of Video Evidence

The use of all technical assistance available is permitted to assist Officials in carrying out their responsibilities. For an unaltered video recording to be accepted under these Rules for purposes of a Protest, it must be presented within the required time period as set out in DC905.

If Officials rely on unaltered video evidence to alter the outcome of any Competition after the results have been communicated, such unaltered video recording must contain irrefutable evidence that the original ruling or Decision was incorrect. The use of video shall always be within the confines of the applicable rules and must never by its usage alter the Rules currently in effect.
