

US Equestrian Stirrup Design Review

Purpose: The purpose of this review is to allow equestrian equipment manufacturers to submit their existing or new stirrup products or prototypes for review and determination of compliance with current USEF rules.

Only applications/submissions submitted by equestrian tack manufacturers will be accepted. Consumer requests will not be processed.

Process: Proposals/requests must be submitted in writing to US Equestrian, using the template provided below. Only completed request forms will be forwarded to the US Equestrian Stirrup Review Panel or its designees for consideration. The panel may also request additional information be submitted to ensure a thorough and informed review. Samples of the equipment **MUST** be submitted with each initial request.

**If a manufacturer has multiple models, a separate request/application form and separate fee must be submitted for each stirrup design or model.

Reviews by the panel occur only two times per year, once in January and once in June. After review, a final determination will be communicated to the submitting manufacturer. All review requests must be submitted by the following dates:

- May 1 for Panel review in June
- December 1 for Panel review in January

Panel decisions are final and not subject to protest or appeal.

Processing Fee: \$50 per submission

Stirrup Samples/Prototypes to be shipped to:

**US Equestrian
ATTN: Stirrup Review Panel
4001 Wing Commander Way
Lexington, KY 40511**

Manufacturer Information
