Dear Danielle,

Thank you for submitting a request for a Presidential Modification to the application of DC922.3-.4 and DC939 on behalf of the USEF Driving Sport Committee. A Presidential Modification is granted in cases of substantial, extraordinary circumstances. When measured against that criterion, it has been determined that your request meets the standard for a Presidential Modification and is, therefore, approved.

As a result of this Presidential Modification, National Level Small Pony Four-In-Hands (99cm-<120cm) or VSE (under 99 cm) will be allowed to carry one groom on the carriage, rather than two grooms, as outlined in DC922.3-4.

Further, this Modification will allow for collective marks to be judged as written and described in the ADS Driven Dressage tests, regardless of the general impression rules outlined in DC939.

Sincerely,

Murray S. Kessler
President
