

LICENSED OFFICIAL GRANT APPLICATION

APPLICATION REQUIREMENTS:

- Be an active USEF member
- Be a current USEF licensed official or U.S. FEI official, or have an active licensed official application

The Federation is offering licensed official grants to applicants and current officials wishing to apply for a promotion. These grants are intended to reduce financial barriers for USEF or U.S. FEI officials to complete application requirements. Individuals should take advantage of this opportunity to attend a training session, or apprentice at a location where they would normally not be able to travel. Please note grants shall not be used for maintenance requirements and can only be received once per competition year.

Individuals can apply for one of two categories – a general grant or U35 grant. General grants will be considered based on the competition environment need for more officials, or higher-level officials. The U35 grants provide an opportunity to support individuals under the age of 35 to become a licensed official or apply for a promotion.
