

EVENTING ATHLETE'S GUIDE TO FUNDING

Introduction

The USEF Eventing Athlete’s Guide to Funding (“Guide”) serves to provide information in a central document on funding, grants, and awards that are available through the United States Equestrian Federation (“USEF”), United States Equestrian Team Foundation (“USET”), United States Eventing Association Foundation (“USEA”), and the United States Olympic and Paralympic Committee Foundation (“USOPC”). This information is applicable to Athletes engaged in the USEF Eventing Pathway Programs. Therefore, it is not inclusive of funding and grant information from these organizations for Licensed Officials, Amateurs, Grooms, etc.

A **grant** is awarded through an application process. Grants may have additional restrictions, including but not limited to competition results, age of Horse or Athlete, and prior Team or international experience.

- USET Foundation Grants
- USEA Foundation Grants

Funding is provided for a specific purpose.

- USEF U.S. Eventing Team Competition Funding
- USEF Pathway Program Funding

For athletes who receive funding, as long as all expenses are accounted for by receipts, the money will not be included on their 1099 at the end of the year. Any funding not accounted for by a receipt is subject to IRS reporting.

An **award** is gifted to a selected recipient. This may be due to results earned.

- USOPC Operation Gold

Prize Money is won at a competition and is based on Individual and/or Team results. If prize money is won at a Team competition (Games, Nations Cup or World Championship), the Athlete will either directly receive the money from the Organizing Committee or as a passthrough from USEF, as outlined in the FEI Schedule.
