5. The Committee may require a person of any age to pass a physical examination before considering an application for enrollment, promotion, or renewal. The Committee will not reject for physical reasons any application for enrollment, promotion, or renewal before a physical examination has been conducted.
6. For the purposes of maintaining officiating requirements, the first full year after an official's approval will be considered as the start of their officiating record.
7. Unless stated otherwise, all persons, when first approved as a judge in a division, shall receive Recorded status regardless of age or experience unless the applicant holds Registered status with Equestrian Canada or status with the FEI, or another National Federation.
8. All persons when first approved as stewards shall receive Recorded Category 1 or Category 2 license.

 - b. If two competition years have passed since an official renewed his license(s), they must request a reinstatement of licensing. A request for reinstatement must be submitted to the Licensed Officials Department. All first time requests are decided by the Licensed Official Committee Chair. If an Official has received a reinstatement for a specific license in the past, it must be reviewed by the Licensed Officials Committee.

- c. If three or four competition years have lapsed since an official has renewed his/~~her~~ license(s), then they must apply for re-enrollment of those licenses, following the specific requirements outlined for each license.
 - d. If five or more competition years have lapsed since an official renewed his license(s), then they must re-apply for licensing, and follow the current license application requirements specified for each license.

 15. Applicants may submit an appeal regarding a recommendation from an Affiliate and/or USEF Committee to the Federation.
 16. FEI Stewards for Jumping are eligible to serve as Certified Jumper Schooling Supervisors.

Section 5. Maintenance Requirements.

1. It is the responsibility of the licensed official to satisfy all necessary requirements for maintaining their license. The Federation is not required to provide notices of time periods within which requirements must be fulfilled.
2. Documented attendance of an FEI recognized course will count towards fulfilling the clinic requirement of the comparable national discipline judge, course designer, or technical delegate license (Exception: Jumper Judge and Dressage divisions. Dressage judge refer to Chapter Two, Section 6), provided it occurs during the same time frame required by the national license.
3. Officials who do not pass a maintenance examination on their first attempt will have the opportunity to re-take the exam one additional time. If an official does not achieve a passing score on the make-up exam, they are ineligible to renew the license. They may take the comparable exam in the next competition year and if a passing score is achieved, submit a request for reinstatement of that license.

5. In the event that an official's clinic requirement falls due in a year in which a corresponding clinic is not offered, the deadline will automatically be extended to the following year with no restriction, provided all other requirements of the license are met.
6. Documented adjudication of FEI recognized classes at foreign FEI sanctioned competitions will count towards maintaining the same national discipline judge or course designer license, provided it occurs during the same time frame required by the national license.
7. Verified judging of an Equestrian Canada competition will be considered a suitable substitute for a Federation competition for the purposes of maintaining a current license but not for enrollment or promotion apprentice requirements. Written verification must be submitted to the Federation to substantiate EC officiating. Any requests for acceptance of officiating experience in countries other than Canada will be considered on an individual basis.
8. The Licensed Officials Committee can require an official to complete additional educational experience.
