

December 20, 2018

Ms. Danielle Aamodt
US Equestrian Director of Driving
4047 Iron Works Parkway
Lexington, KY 40511
daamodt@usef.org

Dear Danielle,

Thank you for submitting a Request for a Presidential Modification to the application of DC922.4 on behalf of the USEF Driving Sport Committee. A Presidential Modification is granted in cases of substantial, extraordinary circumstances. When measured against that criterion, it has been determined that your Request meets the standard for a Presidential Modification and is, therefore, approved.

As a result of this Presidential Modification, driving carriages at the Preliminary and Intermediate levels will not be subject to the minimum weight requirements outlined in DC922.4.

In reviewing the Request, it was noted that the Driving Sport Committee has submitted a rule change to address this change which removes the minimum weight requirement of a driving carriage at the Preliminary and Intermediate level with an effective date of February 1, 2019. The International Disciplines Council has recommended approval of this rule change. This Presidential Modification is effective immediately and will continue through the effective date of the approved rule change – February 1, 2019.

Sincerely,

William J. Moroney
USEF Chief Executive Officer

cc: Murray Kessler, USEF President
Meredith Monti, Compliance Manager
Mike Arnold, American Driving Society President
