Extraordinary Change Reason

Financial Hardship to Organizers

Rule Change Intent

This proposed change would allow an FEI Driving Technical Delegate to also act as the national Combined Driving Technical Delegate at dually licensed FEI and national Driving competitions. It is currently permitted for an FEI Driving Steward to also act as the national Combined Driving Technical Delegate. Prior to 2025, this was a common practice but the changes to GR1040 have made this unintentionally prohibited. The proposed change is necessary to ensure there is not unintended financial hardship on organizers by needing two officials for these responsibilities
