	Neue Schule Tranz Angled Loose Ring or similar shaped mouthpiece	✓	✓	✓	✓	✓

NOTES: (1) All snaffle mouthpieces are approved w/loose ring, D-ring, eggbutt or hanging cheek rings. (2) The diameter of the snaffle or bridoon mouthpiece must be min. 10 mm diameter at rings or cheeks of the mouthpiece. Snaffles used in Young Horse and Children’s classes must have a minimum diameter of 12 mm. Exception: for ponies, diameter may be less than 10 mm. The diameter of the curb mouthpiece must be min. 12 mm. **For CDIs, snaffles must have a min. diameter of 12 mm for horses and 10 mm for ponies.** The diameter of a bit is measured at the rings or cheeks of the mouthpiece. (3) For bridoons, snaffles & curb bits used in USEF and FEI competitions, the max. height of the deviation is 30 mm from the lower part of tongue side to the highest part of the deviation. The widest part of the deviation must be where the mouthpiece contacts the tongue & must have a min. width of 30 mm. (4) D-ring or hanging cheek bits are not permitted as a bridoon in a double bridle at any level. The upper cheek of a curb bit must not exceed seven centimeters.

Effective immediately - Updated May 6, 2026; Annex A is a supplement to the USEF Dressage Rules. All bits/equipment labeled as ‘Pending Review’ are not permitted in USEF/USDF competition until determined otherwise in this Annex. Please refer to FEI Dressage Rules and FEI Tack App directly for permitted saddlery/equipment in FEI CDIs events. Additional clarifications and rulings from the USEF Dressage Sport Department are noted and dated.

NOTES: (1) All snaffle mouthpieces are approved w/loose ring, D-ring, eggbutt or hanging cheek rings. (2) The diameter of the snaffle or bridoon mouthpiece must be min. 10 mm diameter at rings or cheeks of the mouthpiece. Snaffles used in Young Horse and Children's classes must have a minimum diameter of 12 mm. Exception: for ponies, diameter may be less than 10 mm. The diameter of the curb mouthpiece must be min. 12 mm. For CDIs, snaffles must have a min. diameter of 12 mm for horses and 10 mm for ponies. The diameter of a bit is measured at the rings or cheeks of the mouthpiece. (3) For bridoons, snaffles & curb bits used in USEF and FEI competitions, the max. height of the deviation is 30 mm from the lower part of tongue side to the highest part of the deviation. The widest part of the deviation must be where the mouthpiece contacts the tongue & must have a min. width of 30 mm. (4) D-ring or hanging cheek bits are not permitted as a bridoon in a double bridle at any level. The upper cheek of a curb bit must not exceed seven centimeters.

Effective immediately - Updated May 6, 2026; Annex A is a supplement to the USEF Dressage Rules. All bits/equipment labeled as ‘Pending Review’ are not permitted in USEF/USDF competition until determined otherwise in this Annex. Please refer to FEI Dressage Rules and FEI Tack App directly for permitted saddlery/equipment in FEI CDIs events. Additional clarifications and rulings from the USEF Dressage Sport Department are noted and dated.

For any items not pictured here or listed in the DR rules, a ruling must be obtained from the USEF Dressage Department staff. Send questions and/or clear photographs (preferred) both on and off the horse (if applicable) to dressage@usef.org. In some cases, a product sample may be requested before a ruling can be given.

Effective immediately - Updated May 6, 2026; Annex A is a supplement to the USEF Dressage Rules. All bits/equipment labeled as ‘Pending Review’ are not permitted in USEF/USDF competition until determined otherwise in this Annex. Please refer to FEI Dressage Rules and FEI Tack App directly for permitted saddlery/equipment in FEI CDIs events. Additional clarifications and rulings from the USEF Dressage Sport Department are noted and dated.
