

## PROGRAM REQUIREMENTS

*Updated June 18, 2020*

The aim of the Dressage Emerging Athlete Program is to provide strategic guidance and educational opportunities to selected U.S. athletes under the age of 25 with the perceived ability to eventually contribute to the Elite Program and achieve Podium scores within three (3) quadrennials. While the focus of this program is on the Young Rider and Junior levels, U25 athletes who are not qualified for the Development Program are also eligible for support and membership to the Emerging Athlete Program. Children and Pony Riders may also be eligible for educational opportunities offered through the Program. This program is run by the USEF Dressage Youth Coach, with input from the USEF Dressage Technical Advisor and USEF Dressage Development Coach. This Program's budget and aims are approved by the USEF Dressage Sport Committee.

- Results and the trajectory of these results; (i.e. is the athlete/horse combination showing improvement or has the horse's results plateaued?) Results achieved at CDI and/or CDIO – U25/Y/J/P/CH events and National Championships will be given greater weight.
- The soundness record of the horse
