UNTARGETED NATIONS CUP: LIGNIERES

US EQUESTRIAN TEAM PLAYBOOK

INTRODUCTION

The aim of the Playbook is to give those who are attending Lignières (FRA) CCIO4*-NC-S an understanding of the logistical support that is available through USEF. As an Untargeted Nations Cup, please note that the Team will not receive funding, apparel, Team Staff support, or expense reimbursements.

As with any Nations Cup, Lignières will have its challenges and differences from other Events. The emphasis must be on ensuring our athletes, horses, and grooms can perform their very best. A performance environment must be maintained and always keep in mind that even if you are not on a U.S. Eventing Team, you are still representing the USA at these European competitions.

The competition venue is approximately 183 miles south of Paris and will be hosting additional levels and divisions. This is not a stand-alone Nations Cup and additional divisions will run alongside the CCIO4*-NC-S. Please review the published [FEI Schedule](#) for the available divisions and their restrictions.

We are continually receiving updates and new information so this playbook can never cover all the details. The primary point of contact is Christina Vaughn, and her contact information can be found below.

This playbook contains helpful information for attending this Event. Please also familiarize yourself with the [FEI Schedule](#) and remember to check in at the show office upon arrival for the most up-to-date information.

PLEASE READ THIS PLAYBOOK AS IT CONTAINS IMPORTANT INFORMATION ABOUT TRAVEL PLANNING, CLIMATE, AND ACCOMMODATIONS.

Please contact Christina if you have any questions, observations, or suggestions as to how we can optimize the support of the athletes, grooms, and horses.

Good luck to all!

APPLICATIONS

ENTRIES

In the [USEF Athlete Dashboard](#), athletes must complete both an Online Application and an FEI Entry.

Online Applications are required for selection to a Team. The Online Application section allows athletes to apply for selection to a CCIO at which the U.S. will field a Team. This process is managed by USEF Eventing. Additionally, as an untargeted Nations Cup, **the athlete will also need to submit an entry through the FEI Entry System.** If a Team is named for this event, USEF will pay for the Nations Cup Entry Fee.

An FEI Entry is required to compete as an Individual. Athletes must submit the FEI Entry in order to be entered into the FEI Entry System to compete as an individual at any FEI competition, whether in the U.S. or abroad. The FEI Entry process is managed by US Equestrian Athlete Services.

Entries must be paid as outlined in Section VII of the [FEI Definite Schedule](#).

APPLICATION AND SELECTION TIMELINE

Applications Open: January 1, 2025, at 9:00 a.m. EST

Application Close and Team Selection: Event entries and applications will be monitored to determine if there is enough interest to field a U.S. Team. If you are interested in being considered for the Team, please get in touch with Christina Vaughn at cvaughn@usef.org or +1 (859) 225-6917 for the next steps.

SELECTION PROCEDURES

As an Untargeted Nations Cup, the Lignières Nations Cup team follows the [2025 Untargeted Team Opportunities Selection Procedures](#).

FUNDING

As an Untargeted Nations Cup, Athletes named to the Lignières Nations Cup U.S. Team will not receive funding.

USEF will cover the National Federation fee and FEI Entry fee for the Team.

*Disclaimer: This Playbook is a resource produced by the USEF Eventing Department.
Please visit the event's [FEI Schedule](#) for the most up to date information.*

PRE-TRAVEL INFORMATION

VISAS

Due to start in 2025, U.S. citizens and non-E.U. nationals will need to complete the Entry/Exit System (EES) for all short-term stays in European countries. Registration and biometric data collection will be completed at a border control kiosk at the arrival airport. More information about EES can be found [here](#). It is the traveling individual's responsibility to check any visa requirements.

VACCINATIONS

In accordance with the CDC and USOPC recommendations, we advise that all Athletes, grooms, and traveling USEF support staff consider getting the new COVID vaccine now available against new strains as well as the seasonal flu vaccine. These vaccines can be administered at the same time. This is NOT a USOPC or USEF requirement, but it is highly recommended to protect our athletes, grooms, and all Team members. Please note it takes approximately two (2) weeks to maximize immunity.

INCIDENT MANAGEMENT GUIDELINES

In general, France is a safe country for its residents and visitors. However, security perception changes greatly by district. If you have any doubts or need to report an incident, you can rely on the Police.

Responsible care should be exercised when traveling throughout France. There is a normal level of crime in La Celle-Condé but it varies by district. Travelers should keep valuables out of sight and be aware of their surroundings. Avoid isolated areas when on foot, especially after dark. It is recommended to only use a trusted taxi or an app-based taxi service. Do not hail a taxi on the street.

Assailants usually target victims for their smartphones, wallets, or purses. If confronted by someone with a weapon, it is best not to resist.

It is best to use ATMs inside banks instead of ATMs that are more accessible to passers-by and all banks advise customers to cover ATM keypads with their hands when entering codes. When making credit card transactions, travelers should expect the vendor to use a credit card reader in their presence.

There is a threat of low-level crime such as mugging and theft. Security is not a worry, but all should be aware and take realistic precautions.

*Disclaimer: This Playbook is a resource produced by the USEF Eventing Department.
Please visit the event's [FEI Schedule](#) for the most up to date information.*

Security is the responsibility of everybody. However, security concerns must not be allowed to prevent athletes from concentrating on preparing and competing their horses. Good security is the application of common sense.

The key to good security is vigilance. Be aware of what is happening around you and always pay attention to anything that appears unusual or out of place. This includes people who appear nervous about their surroundings.

- Make a copy of your passport and travel documents and leave the original in a safe place.
- Always travel in groups.
- Do not overtly wear expensive jewelry.
- Keep your phone hidden.
- Do not carry excessive amounts of cash or credit cards if you do not need them.
- If you are in a vehicle in standstill traffic with the windows rolled down, keep phones and other possessions low and away from windows and be mindful of people walking through the traffic.
- Do not approach unattended bags, cases, or packages – report them.
- Do not accept packages from anyone, the contents of which are unclear.
- Do not advertise where members of Team USA are staying.
- If you are out in the evening and you become aware of increased police activity, leave the area immediately.
- If you see an incident involving the police, do not get involved. Do not play the good Samaritan.
- Avoid wearing Team USA kits outside protected areas.
