Section 1. General.

1. The official version of the current FEI Licensing Information Document (the "LID") will be maintained by the Federation Licensed Officials Department. Only the LID maintained by the Federation Licensed Officials Department will be considered the current and enforceable version.
    a. The LID will indicate the version number (i.e. v.1.0) and the date of amendment.
    b. The Federation will publish the LID on the Federation website under the Licensed Officials tab.
2. Relevant fees can be reviewed here.
3. The Federation Chief Executive Officer (CEO) or their designee may, in their sole discretion provide an exemption to these Policies and Procedures when appropriate. Any such decision is final and not appealable.

Section 2. Amendments and Revisions.

1. The Federation will make amendments to this document in order to ensure consistency with the FEI Education Systems. These amendments may occur at any time and will not require approval.
2. Revisions to non-FEI requirements may be amended annually. The Federation's Licensed Officials Department will determine the amendment schedule each year and will accept recommendations from Federation Committees for revisions to the LID. The Licensed Official Committee will review proposed amendments and revisions to the LID and make recommendations to the Federation's Board of Directors or Executive Committee.
3. Revised LID requirements will not automatically apply to an applicant. Applicants can request in writing for the Director of Licensed Officials to apply the latest version if they believe it would be beneficial (e.g. expedited review, reduced apprenticing requirements, etc.).

Section 3. Licensing

1. FEI licenses are not governed by the Federation. However, the Federation may elect to add additional requirements for applicants to complete in order to receive endorsement and support from the Federation. All applicants are subject to the applicable FEI Education System for FEI licensing requirements.
2. Applications must be submitted using the application available on the Federation website. The required fee is not refundable.
3. Applicants must initiate an application before completing any application requirements.
4. The Federation may require an examination by a physician for evidence of fitness to perform the duties of a Licensed Official. This may be required enrollment, promotion, renewal, or to maintain licensure to ensure the person can safely perform their duties. No application will be rejected for unfitness to perform before an examination is undertaken. If an applicant does not pass the examination, then their application will be denied. If an official does not pass the examination, the Federation will review their license.
5. Eligibility and Application Requirements
    a. All national level and Federation FEI officials must be Competing Members, at least 21 years of age.
    b. All applicants must be compliant with the USEF Safe Sport Policy before starting any application requirements. To be compliant with the Policy, applicants must complete SafeSport Training and a background check.
    c. The Federation may assign educational requirements to licensed official applicants.
    d. Applicants are not permitted to start a licensed official application or complete application requirements while suspended.
6. Applicants may request a waiver of the Federation's requirements. Waiver requests are subject to the Licensed Officials Waiver Policy on the Federation website. Applicants cannot request a wavier for FEI requirements outlined in the FEI Education System.
7. Per GR1002, the Federation may provide the relevant Federation committee or Recognized Affiliate an opportunity to submit an evaluation of and recommendation for an applicant as part of the application for licensure.
8. Apprenticing
    a. An Apprentice must first obtain permission from the Licensed Competition followed by approval from the licensed official(s) with whom they will be apprenticing.

b. The Federation will not consider apprentice evaluations received more than 30 days after the last day of the competition, and the Federation will not count the apprenticing experience toward licensure requirements.
c. Applicants are not permitted to apprentice and officiate in the same class.
d. Applicants must be current with SafeSport Training and a background check at the time of an apprenticeship.

9. Applicants may submit an appeal regarding a recommendation from an Affiliate and/or Federation Committee to the Federation within 15 days of receiving the recommendation.
10. An applicant may submit an appeal to the Federation within 15 days of completion of an U.S.-required assessment, review, or evaluation if they believe that an assessment, review, or evaluation procedure was not conducted properly.
11. In accordance with the Americans with Disabilities Act (ADA), applicants with disabilities who require testing accommodations due to a physical, mental or learning disability may request reasonable accommodations to standard testing conditions. A copy of our policy on testing accommodations for applicants under Title III of the ADA is available here. Additional information, including the form to be completed to make a request is available here.
12. Officials may request a license abeyance for extenuating circumstances or when serving in a leadership role or staff position for a Recognized Affiliate or the Federation. This abeyance must be confirmed and approved with the FEI.

Section 4. Maintenance Requirements.

1. It is the responsibility of the licensed official to satisfy all necessary requirements for maintaining their license. The Federation is not required to provide notices of time periods within which the requirements must be fulfilled.
    a. Refer to the relevant discipline Education System documents for course and officiating maintenance requirements on the FEI website.
    b. It is the responsibility of the licensed official to renew their Federation and/or FEI license(s) every competition year. The Federation is not required to provide notices of a missing license renewal.
2. Renewal Requirements - If the following requirements are not maintained, this in itself shall be deemed sufficient basis for the Federation to recommend to the FEI that the individual be removed from the FEI list of officials. U.S. FEI officials must:
    a. All licensed officials must complete SafeSport Training and a background check as assigned by the Federation.
    b. The Federation may assign education requirements to licensed officials.
    c. All U.S. FEI officials must be Federation Competing Members.
    d. An official will not be permitted to renew their license(s) if any money is owed to the Federation.
3. Any Federation member who is a U.S. citizen holding a FEI license for which there is a comparable national level license must maintain the national level license with the Federation (Exception: Jumper Judges, Jumper Course Designers, and Stewards). If the national license is not properly maintained, this in itself shall be deemed sufficient basis for the Federation to recommend to the FEI that the individual be removed from the FEI list of officials.
