

JOINT APPLICATION FOR MODIFICATION OF USEF COMPETITION LICENSE

COMPLETE A SEPERATE FORM FOR EACH LICENSED COMPETITION

This form is intended for use **when a USEF Licensee changes**. A Licensee Modification is defined for this purpose as any change affecting 51% or greater interest in ownership of the Licensee. Licensees with other non ownership changes such as officers of the licensee should update the USEF Registration of Licensee and need not complete this form. [GR304.1-5] **REMINDER:** A Licensee does not own the Competition License. A Federation Competition License is a governance tool and not a commodity. As such, a sale of a competition must be contingent on Federation approval and issuance of a new license.
