Declaring a League or Sub-League

- North American athletes earn points in the Sub-League in which they are domiciled. An athlete's Sub-League can be viewed on the FEI website (search for and select athlete in the [Person Search](#), click "View Athlete Details" in the upper right corner, scroll down to "League").
- Athletes wishing to change their League or Sub-League must notify [Lizzy Chesson](#) in writing, **prior to the first competition in which the athlete participates**. Requests to change Leagues require FEI approval and may require additional supporting information.

Earning Points

- An athlete's **best four (4) FEI World Cup Qualifier results** will count for qualification for the Final. Full points may be earned in events in either Sub-League; however athletes may not earn points in more than **seven (7) FEI World Cup Qualifiers**. An athlete wishing to compete in more than seven Qualifiers must declare to the show office prior to the event whether the competition is to **not** count for points.
- An athlete from one Sub-League may participate in events in the other Sub-League after the last Competition of his or her own Sub-League but may not earn further points if the athlete has already participated for points in seven (7) FEI World Cup competitions.
- Crossover points are allowed between the North American League and the Western European League and vice versa; however, **to qualify for the FEI World Cup Final, an Athlete must have competed in and earned at least one point at an Event in his or her own declared League (ie North American League)**.
- Athletes may only ride one horse in each North American League FEI World Cup competition.**

Qualifying for the Final

- The following athletes will qualify from the North American League:
 - Seven U.S. athletes from the Eastern Sub-League
 - Three U.S. athletes from the Western Sub-League
 - Two Canadian athletes from the Eastern or Western Sub-League (athletes with the most points)
 - Two Mexican athletes from the Eastern or Western Sub-League (athletes with the most points)
- Extra Athletes: An Athlete who is a citizen of a nation not part of either Sub-League or from another League, must obtain at least as many points as the last qualified USA Athlete (prior to substitution) in the Sub-League in which he or she is participating (Eastern or Western) to qualify as an Extra Athlete.
