## Rule Change Intent

This clarification incorporates the current JP 144.3 into the new JP 136.18 so there is no confusion on the use of video or timing for the use of video. The wording for JP 144 is in effect now per a Pres Mod and remains effective until the rule is fixed which is why it is included here. LInk to Pres Mod: haydon-ltr110424.pdf Clarification effective date is asap or no later than April 1, 2026.

JP136 General

18. If a judging error occurs during a class that adversely impacts the results of that class, those results, may be corrected by the Judge that officiated that class, provided there is irrefutable proof of the error (to be determined by the Judge), and it is done within 24 hours of the original awards. ***If a video is used in rendering a decision, it must be made available within 60 minutes after the results are announced per JP 144.3.*** If more than one judge officiated the class, then they must unanimously agree to the correction.

If the original Judge is not available, a "R" Jumper Judge, approved by the Federation, may make the correction after reviewing all the necessary evidence.

All persons affected by the correction must be notified by Competition Management within 24 hours of the decision. Any corrections made must be included in the steward's report.

JP144 Violations

3. Use of Video. The Senior Judge, alone or with other members of the judge's panel, may, at their discretion, view an official video recording of all or part of a class in order to verify decisions involving scoring. A review of an official video recording is solely at the discretion of the Senior Judge. The Senior Judge may consult with a licensed 'R' Judge who may or may not be officiating at that competition. Upon review of such video recording, provided it is made available within 60 minutes after the results are announced the Senior judge may make corrections to the placing of the class. An official video recording is considered to be a recording made by the designated host broadcaster and/or a designated official video recording company as named by horse show management. ***As an exception to GR1219 and*** ~~o~~***O***nly under certain circumstances when there is no official video recording, the Senior Judge may consider using a private ***unaltered*** video. Note: A video may never be used to establish the time of a round

(The above JP 144.3 is current wording in effect under the following Pres Mod: haydon-ltr110424.pdf)
