DC920 Examinations and Inspections of Horses

4. In-Harness Examination

The examination must take place between 10 and 15 minutes after the ***turnout finishes the Marathon*** ~~athlete has entered the Cool Down area at all events~~. The horse(s) must be presented by the athlete. It must be performed under the supervision of a treating veterinarian in case any horse needs immediate treatment. The veterinarian has no authority to disqualify a horse. They must report their findings to the President of the Jury as soon as possible.

4.1 At Short Format Driving Events, a formal Cool Down is not required.
